The Palmview Position Paper

Where to now?

After the meeting on Monday night it is clear that the council position paper for the transport network in and around Palmview is not supported by the adjacent residents in Sippy Downs.

The Palmview Position Paper is currently with the State Department of Infrastructure and Planning under the Ministership of Stirling Hinchliffe MP.

Whilst there is no formal process to forward submissions at this stage I strongly recommend that residents forward to the Minister, their feelings about the Palmview position paper in its present format.

I recommend that letters, emails and phone calls be made to the State Minister for Infrastructure & Planning and copies be forwarded to your own State member Mr Jarrod Bleijie, Member for Kawana. If you wish, you can also cc a copy to the SDDCA via secretary@sippydownscommunity.com

Hon Stirling Hinchliffe
Minister for Infrastructure and Planning
Level 12
100 George Street
Brisbane 4000
Ph. (07) 3224 4600

This community has always stood together when confronted with bureaucratic attempts to stifle what we hold dear as a community and the Palmview Position Paper may well be our ultimate test.

Please take the time to keep sending the message so that our Master Planned community remains something that we can be proud of.

Regards

Murray Lyons
